Notes: Student must meet continuation criteria and eligibility criteria each semester for course enrollment. Course progression is determined by FL DOE, FSCJ, and DCPS policy. It is subject to change based on teacher certifications, requirements, and State statute. Every effort is made to notify students in a timely manner when changes are made to the progression or policies. Students must complete courses as recommended by the DCPS counselor and in priority order: High school graduation requirements, AA degree General Education requirements, then AA degree electives. For more information about course progression and continuation criteria, please visit: <http://relschoollcounseling.weebly.com/dual-enrollment---early-college.html>
